### 1. POLICIES TO WHICH THIS SECTION APPLIES

This section of the Regulations includes:

- GOODS IN TRANSIT
- INLAND TRANSIT
- MARINE CARGO (LIMITED TO SOUTH AFRICAN RISKS)
- STOCK THROUGHPUT (TRANSIT RISKS ONLY)

and all other policy titles pertaining to loss or damage (including fire loss or damage) to property in transit within South Africa.

The policy referred to above is called an ‘underlying Policy’.

A Sasria Material Damage Coupon is issued in this instance. (Hereinafter referred to as a **Transit Coupon**).

### 2. SPECIAL REQUIREMENTS PERTAINING TO MARINE AND GOODS IN TRANSIT UNDERLYING POLICIES

Irrespective of whether the underlying Policy is issued in South Africa (or if a Pro Forma underlying South African Policy is issued) the Policy must have the S.A.I.A. Exceptions incorporated. These S.A.I.A.Exceptions will not nullify the terms of the Institute War Clauses or Institute Strikes Clauses (Duration Clause).

Recoverable claims will be dealt with in accordance with the Claims Section of these Regulations. However, if the loss is covered by the Institute War, (where applicable), and/or Strikes Clauses, the claim will be reported to and dealt with in terms of the Marine Policy in the first instance. The Insurer may then approach Sasria for a contribution in the event of there being a duplication of cover.

### 3. DELIBERATE STORAGE FOLLOWING A TRANSIT UNDERLYING POLICY

If a Transit Coupon following an underlying Policy is extended to allow for deliberate storage during the transit, the Transit Coupon may be extended to include these deliberate storage risks, following approval from Sasria by completing and attaching the following endorsement prior to the commencement of the storage.

## 6. VALUE ADDED TAX (V.A.T.)

We bring this aspect of Sasria covers to your attention again, since Transit Risks are often arranged on a VAT exclusive basis, i.e. Marine Imports and Exports and Goods in Transit for goods entering or leaving South Africa.

All Sasria limits, and Sums Insured, are on a VAT inclusive basis.

Therefore on VAT exclusive underlying policies, the limit/sum insured must be increased by the VAT content.

## 7. ADDITIONAL COVERS AND THEIR SUMS INSURED

### An example:

Employee Personal Effects:

Where the underlying Policy provides for the transit risk associated with the transfer of Employees from one South African Branch, of the Insured, to another, it is expected that a **Transit Coupon** be issued separately for this extension and adjusted annually, in terms of the adjustment provisions contained herein.

A Sasria premium must be charged for these risks, at inception of the cover, and adjusted following a declaration of the values at risk, to Sasria.

## 8. DEDUCTIBLES/FIRST AMOUNTS PAYABLE

There are no Deductibles applicable to Sasria **Transit Coupons**.

Deductibles applicable to the underlying Policy are not imported into the Sasria Transit Coupon.

## 9. LLOYD'S POLICIES/CERTIFICATES

Sasria Coupons may be issued in respect of Marine Insurances placed at Lloyd's provided the insurance is arranged by or through South African for Brokers at Lloyd's.

## 10. FOREIGN INSURANCES

Sasria cover may not be given on Marine policies issued in a foreign country, as the cover can only be attached to domestic policies (except as provided for in 9. above).

## 11. MINIMUM PERIOD OF COVER

If Sasria cover is taken out in respect of a Marine Open Policy it shall apply for a minimum of 1 year and the Sasria cover shall remain in force until all sailings/sendings covered in terms of the underlying policy have been delivered to the Insured's own or nominated premises. As regards storage cover however, the provisions are as per the Deliberate Storage Clause.

If a Marine Policy in respect of which Sasria cover is taken out is cancelled prior to expiry of the open year, the provisions regarding refunds (see General Section) apply.

## 12. MAKE SURE THAT THE CORRECT COUPON SCHEDULE IS ISSUED

A Transit Coupon must be issued.

No other Coupon shall be accepted for these covers.
