Communique 115 | Important Update on Sasria's Collaboration with the SIU

Dear Esteemed Agents and Brokers,

We trust this message finds you well. As valued partners in our mission, we want to provide clarity and reassurance regarding Sasria's engagement with the Special Investigating Unit (SIU) in relation to specific claims from the July 2021 unrest.

After a detailed internal review, Sasria identified several claims that, due to their complexity and financial impact, we flagged as high risk and require further examination to ensure complete transparency and accountability. To support this, we requested the expertise of the SIU, specifically to:

- Investigate any suspected fraudulent claims,
- Assist in recovering any funds that may have been paid unduly, and
- Facilitate legal actions in cases where fraudulent claims are substantiated.

While the SIU's proclamations might seem extensive and condemning, this wording aligns with their legislated mandate, which is a standard part of their operational protocol. For Sasria, this partnership is purely to uphold the integrity of our claims process, as we work diligently to protect public resources and maintain the highest standards of governance.

We are grateful for your continued support and understanding as we move forward in this process. Should you have any questions, please don't hesitate to reach out to us directly.

Kind regards

Mpumi Tyikwe

CEO – Sasria
