Communique 126_ Publication and implementation of the Motor Policy Wording

Dear Industry Partners,

Sasria hereby publishes the final revised Motor Policy Wording, following the industry consultation process and the amendments previously communicated to the market through [Communiqué 124](#).

The revised wording is intended to provide greater clarity on the application of Sasria Motor cover and incorporates a number of important changes arising from the review and industry engagement.

In particular, industry participants should note the following key changes:

- **Domestic Use:** The definition and application of Domestic Use has been clarified to provide greater certainty regarding vehicles that qualify under this category.
- **Business-owned vehicles used for domestic purposes:** The wording clarifies the circumstances in which a vehicle owned by a business or a juristic entity may nevertheless be classified according to its actual domestic use, rather than ownership alone determining its classification.
- **Trauma Counselling Benefit:** A trauma counselling benefit has been introduced into the Motor Policy Wording as a material new benefit, recognising that a Sasria-covered event may have consequences for affected persons beyond physical damage to the insured vehicle.
- **General wording enhancements:** The revised wording also incorporates the amendments previously communicated through Communiqué 124, aimed at improving clarity, consistency and the practical application of the Motor Policy.

The revised wording will take effect on **1 November 2026** and will apply to all new policies issued and all policies renewed on or after that date.

Agent Companies and intermediaries are encouraged to familiarise themselves with the revised wording and ensure that the relevant changes are appropriately incorporated into their underwriting, policy administration and customer communication processes.
